To all landowners:

Please find enclosed your new transfer station permit. You can tape it to your vehicle windshield if you wish. If you need an additional permit, please call the office 8 - noon or leave a message or send email.

Note that the summer hours for the transfer station are:

Wednesday	5-6 PM
Saturday	9 - noon

Anything that is not either an acceptable recyclable at Norton or household trash should be brought to a bulky day or HHW (household hazardous waste) day. Bulky day in Averill will be on Saturday July 11, 2009. The dumpsters will not arrive until that morning to avoid the situation we encountered last year - chaos!

We will be updating our website soon to include more information on waste management in the UTG.
